Abstract

Web 1.0 started in the 1980s, where the internet was mostly a place to lookup information and not posting information. It was difficult to create, discover, and monetize content.

Web 2.0 started around the late 1990s, is a version of the internet that focuses on user-generated content and social platforms, like YouTube, Twitter, and Instagram emerged.

Web2 made it easy to create and discover content. Monetization is also possible but favors companies over creators. Furthermore, sites and services especially social media platforms make most of their money from harvesting and profiting off of user data.

Web 3.0 is the “discover/create/own” era of the internet, and, for many people, it means blockchain. It is about the idea of allowing us to control and potentially monetize our online presence in ways that aren't currently possible or aren't currently done.

This technology is a secure means of storing information, as well as for verifying who owns it. Now bring in cryptocurrency, specifically as a way for individuals to pay one another directly, and you have the basis for an internet revolution.

Teleport is a web3 social platform that makes it easy to create, share, and monetize content. Teleport's Mobile App provides tools for users to create immersive experiences with their non-fungible tokens (NFTs) in augmented reality and in portals.

Teleport PORTALS are digital gateways to create virtual spaces like metaverses, games, art galleries, conference centers, e-commerce stores, real world locations, live events and much more.

PORT is a blockchain-based utility token used as the basis of rewards and transactions in the Teleport ecosystem.

Teleport Marketplace provides creators a place to tokenize and monetize their online content and intellectual property such as memes, photos, videos, and artworks. The marketplace is also a place for users to redeem rewards, buy online tickets to access exclusive ports and events.

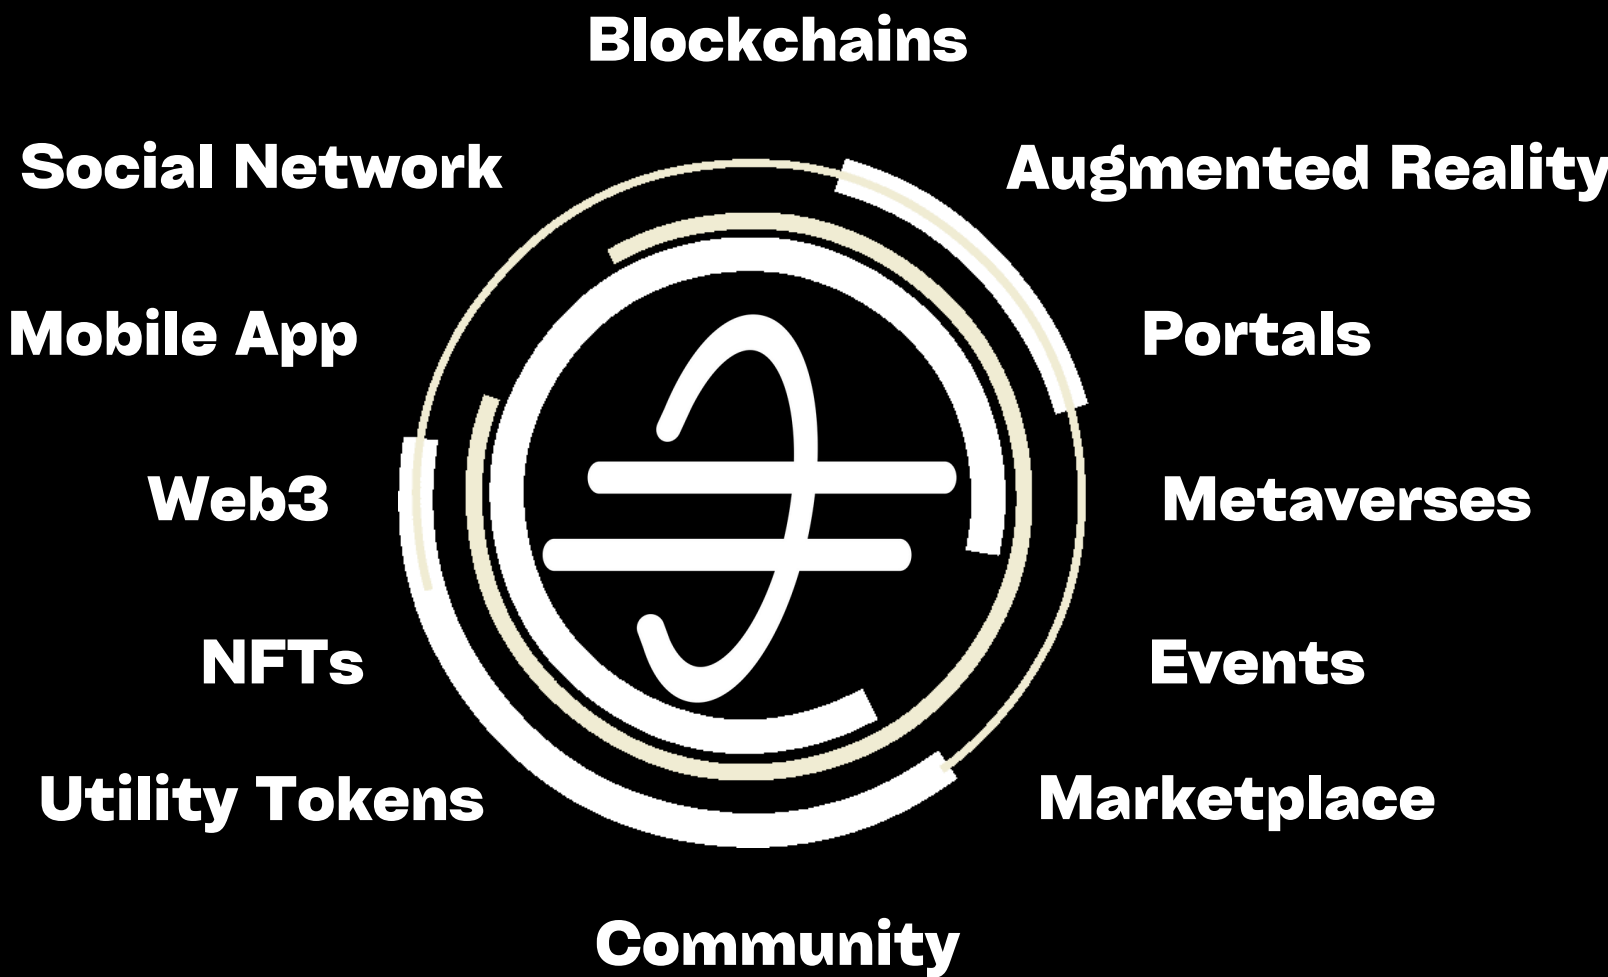

Teleport puts the power in the hands of creators and users, enabling them to create, engage and monetize directly on the blockchain.

Are you ready? Let's Teleport to Web3!

This document, the opinions expressed, and material provided are for general information purposes only and should not be considered a solicitation or offer for the purchase or sale of any security. The software and functionality described in this document might differ from the descriptions in the updated and final released version.

Teleport

Ecosystem

Blockchains

Implementation of Non-Fungible Tokens (NFTs), utility tokens, and smart contracts across multiple blockchains create unique engagement experiences and financial opportunities.

Multiple blockchain support provides various advantages like more users, assets, and liquidity. Cross-chain allows blockchain interoperability and more choices for users.

Teleport supports multi-chain digital assets accessibility across different blockchains. Users can access, engage, and showcase NFTs from Ethereum, Polygon, Binance Smart Chain, and Solana blockchains. Support for Flow, Tezos, Worldwide Asset eXchange (WAX), Avalance, Cardano, Algorand, Polkadot, Tron and other blockchains are on the roadmap.

PORT is used as a utility token within the Teleport ecosystem. PORT improves the efficiency of NFTs trading by creating a new unit of exchange between minters, buyers, and sellers across multiple blockchains. Users can use PORT tokens to mint and trade NFTs in the Teleport marketplace.

and more!

Mobile App

By 2025, there will be a projected 7.49 billion mobile users worldwide. Mobile devices are responsible for 71% of the digital traffic in the United States. Research shows that 90% of their mobile time is spent in apps.

Teleport's mobile app is a social media platform that allow users to showcase and create content with their digital collectibles using Augmented Reality technology.

Web3

The Teleport platform fully embraces Web3 by allowing users to create accounts and log in using their favorite Ethereum, Polygon, & Binance Smart Chain wallets like MetaMask, Trust Wallet, Rainbow Wallet, and more. Support for other blockchains are coming soon.

Once connected, NFTs from the user's wallet are automatically AR-ify to display and overlay on top of real world scenery using the Telepor's AR camera.

Social Media

Users can take photos and record videos with the Teleport AR camera and share them directly to the app's feed or to Twitter, Instagram, TikTok, Pinterest, WhatsApp and other social networks.

Augmented Reality

Majority of NFTs in the current market are displayed on the web browser as a product listing format. This makes Augmented Reality a perfect way to bring NFTs to life.

When you connect your crypto wallet to the Teleport mobile app, your digital assets will automatically be ready to be utilized in our Augmented Reality (AR) camera.

AR NFTs

Showcase digital collectibles on top of the real world. Display your NFT photos, videos, arts, and 3D models on to the real world scenery.

AR Scan

Scan artworks or posters and have interactive videos or animated 3D objects jump out onto the user's phone screen to increase engagements.

AR Portals

Enter 360 ° Immersive Experiences in the Metaverses. AR Portals are digital gateways to new and exciting virtual and real world experiences.

AR Location

Drop tokens and digital collectibles at specific locations to increase foot traffic and user engagements.

AR Effects & Sounds

Create and share unique content using AR effects and sounds in conjunctions with real world surroundings.

Portals

PORTALS are digital gateways to new and exciting 360° immersive virtual and real world experiences. Inside the Portals are virtual spaces that can be 360° images, videos, or live streaming of real world locations, events, games or metaverses.

Imagine teleporting into the middle of Time Square, Tokyo, Paris, Coachella, Tomorrowland, League of Legends or Fornite tournaments, a basketball or football game, your favorite tv or movie scenes, and more.

NFT PORTALS

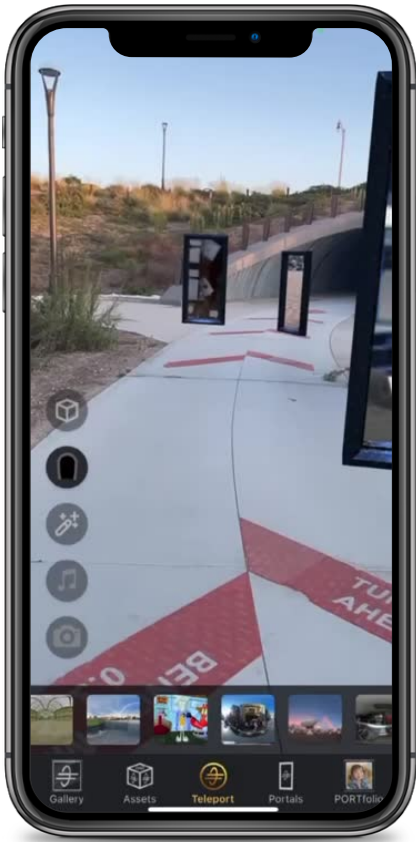

PORTAL is a non-fungible digital asset maintained in an Ethereum ERC-721 smart contract. There are 99,999 PORTALS and PORTALS are identified by 5 digit code (PORTAL ID 12345).

Once user owns a PORTAL, the user will be able add different types of metaspaces like 360° images, 360° videos, 360° Live Streaming, 3D rendering of physical locations, metaverses, games, and more.

MetaSpaces

MetaSpaces are virtual worlds, scenes, and contents inside of Portals.

360° Images

360° photos are shot in every direction at the same time and let you rotate the viewing angle to see what's "around you" as you view the picture.

360° Videos

360 video is recorded in all directions, giving you a complete 360-degree view. While watching these videos, you're able to control the viewing direction and watch the video from whatever perspective you'd like.

360° Live Streaming

Live stream 360° videos and have people watch instantly around the world. Reach new audiences around the world with the Teleport 360° live streaming PORTALS for music and entertainment, fashion shows, sports, events, social influencers and more.

3D Model AR World

Place a structural 3D models like museums, stores, homes, and restaurants in Augmented Reality. Then walk inside the structure to view content inside.

Digital Twins

Digital twins are near-exact virtual models of real-life objects, processes, or systems. Digital twins allow you to access, explore and manage your spaces anytime, anywhere. They are most commonly used in stores, museums, schools, and real estate to simulate physical locations.

Games & Metaverses

Add games inside Portals from supported 3rd Party providers. Platforms like Hiberworld enables the creation of millions of interconnected virtual worlds and games. Teleport removes barriers to entry for everyone to create, play, and participate in the Metaverse.

3rd Party Integrations

Add virtual worlds and games inside Portals from supported 3rd Party providers. We support softwares and platforms like Matterport, iStaging, Kuula, Hiberworld and more.

PORT Tokens

PORT is a blockchain-based utility token used in the Teleport ecosystem as the basis of rewards and transactions.

PORT tokens are used as a rewarding system for users to share, engage, and interact with contents in the Teleport mobile app and ecosystem. PORT tokens are air dropped to early adopters and supporters that hold Teleport Founders Club NFTs.

PORT tokens are used to trade digital collectibles, buy online tickets to access portals and live events in the Teleport marketplace.

PORT tokens are also used by brands to promote content and engagements in the Teleport ecosystem.

Name: Teleport
Symbol: PORT
Decimals: 18
Standard: ERC-20
Blockchain: Ethereum

Contract: [0xf6158bdFE9e013673269b4D1ca468E8eFD77Ca3f](https://etherscan.io/address/0xf6158bdFE9e013673269b4D1ca468E8eFD77Ca3f)

PORT Token Utilities

Share & Earn

Earn PORT tokens by sharing content created with Teleport's AR camera.

Scan & Earn

Earn PORT tokens by scanning artworks, posters, NFTs, & images.

Teleport & Earn

Earn PORT tokens by teleporting into specific Portals and metaverses.

Interact & Earn

Earn PORT tokens by interacting with NFTs in Argumented Reality and in Portals.

Stake & Earn

Earn PORT tokens by staking Teleport Founders Club NFTs.

Mint NFTs

Use PORT tokens to mint artwork and content on the blockchain as Non-Fungible Tokens.

Access Portals

Use PORT tokens to pay for access to private Portals.

Buy Tickets

Use PORT tokens to buy tickets to 360° videos & live streaming events.

Shop Marketplace

Use PORT tokens to buy physical and digital assets from the Teleport's marketplace.

Sponsor Ad Network

Use PORT tokens to pay for community engagements on the Teleport platform.

PORT Token Allocation

Allocation	Value	Percentage
Public Sale	3,000,000,000	30%
Private Sales	2,000,000,000	20%
Team & Founders	2,000,000,000	20%
Partnerships & Operations	2,000,000,000	20%
Community	1,000,000,000	10%
TOTAL	10,000,000,000	100%

Total Supply

Only 10 billion PORT (ERC-20) tokens will ever be created.

Vesting Period

PORT allocated to the Founders, Team and Advisors are 100% locked for 5 years vesting and 12-month cliff.

Community Distribution

PORT tokens are distributed to the Teleport Founders Club holders and to the community via air drops, engagements and staking rewards.

Marketplace

Users can buy, sell, bid, and trade digital assets that are on the blockchains directly from the Teleport marketplace.

The Teleport marketplace includes exclusive NFT drops, NFT tickets for live streaming events, digital twins for virtual and physical items like hats, shirts, hoodies, and other merchandises. Teleport embraces web3 ownership of digital assets including 3D Models, 360° photos, videos, and metaverse sceneries.

Digital assets upon purchased from the Teleport marketplace are automatically transferred to user's Teleport wallets. This is possible by using smart contracts to allow users to transact using PORT tokens to exchange for digital collectible.

Buy & Sell

Non-Fungible Tokens

Digital Collectibles

360° Content

360° Photos & Videos

3D Models

3D Assets for AR & Metaverses

NFT Tickets

Live Streaming Events & Portals

Physical Products

Merchandise & Physical Items

Events

Teleport mobile apps are used at events for Proof of Attendance and to increase engagements.

Teleport can live stream events in Portals for those who cannot be at the venue in-person.

AR Scanning provides interaction with brands and event participant.

NFT Drops to event attendees and interactive AR Drops with GPS location-based technology.

Attendees earn PORT tokens for engaging, creating and sharing content at events.

Redeem prizes and digital collectibles at Teleport marketplace and website.

Revenue

The main 3 revenue models for Teleport are from sales of proprietary digital assets, transaction fees from Teleport's marketplace, and Teleport sponsored ad network.

Digital Assets

Teleport mints and sells proprietary digital assets like Teleport Founders Club NFT collections and AR NFT 3D cases.

Teleport PORTALS are also ERC-721 NFTs for users to buy and own.

Marketplace

Users may trade digital collectibles, purchase access passes to Portals, buy tickets to live events, and mint content on the Teleport marketplace.

Teleport may apply transactional fees for listings, minting and sales in the marketplace. Teleport also charges development fees for launching exclusive NFT drops on the marketplace.

AD Network

Brands may pay for NFT engagements, promoted posts, incentivized share content, sponsored Portals, exclusive AR drops, and rewarded AR image scans.

The Market

■ NFTs ■ Augmented Reality ■ Metaverse ■ Social Media

Market Sizes

Social Media

The global social media market size is expected to grow from \$159.68 billion in 2021 to reach \$833.50 billion in 2026 at a CAGR of 39%.

\$ 833 Billion in 2026

Metaverse

The Metaverse market is projected to reach USD \$824.53 Billion by 2030, growing at a CAGR of 39.1% from 2022 to 2030.

\$ 824 Billion in 2030

Augmented Reality

The Augmented Reality market is projected to reach USD \$263.08 Billion by 2027, growing at a CAGR of 56.32% from 2020 to 2027.

\$ 263 Billion in 2027

Non-Fungible Tokens

The Non-Fungible Tokens (NFTs) Market is expected to reach USD \$122.43 Billion by 2028, with a CAGR of 34.10 % from 2022 - 2028.

\$ 122 Billion in 2028

Roadmap

2022 Q1	Alpha Launch	Early access to the Teleport mobile app were available to stakeholders and supporters. Teleport Founders Club NFT collection available for mint.
2022 Q2	Beta Launch	Teleport mobile app open beta were release on TestFlight for early adopters and content creators.
2022 Q3	Public Launch	Teleport Portals are available for mint and mobile app will be available on the App Store and Google Play. Teleport Marketplace launch and PORT tokens distribution and public offerings are available.
2022 Q4	Live Events	Teleport live streaming events in Portals and in-person AR NFT activations at Web3 Expo in Las Vegas and MetaCon in New York City.
2023 Q1	More Features	DeFi projects, more features and blockchains support will be added to the Teleport Platform.

Legal Disclaimer

DISCLAIMERS

Please read this Disclaimer section carefully. Please seek independent professional advice prior to acting on any of the information contained in this paper.

Teleport PORT (“PORT tokens”) are tokens that will allow the User to access the service provided by the Teleport platform. The Teleport tokens do not have the legal qualification of a security since it does not give any rights to dividends or interests. The sale of Teleport tokens is final and non-refundable. Teleport tokens are not shares and do not give any right to participate in the general meeting of the Company.

Teleport tokens cannot have a performance or a particular value outside the Teleport Platform. Teleport tokens shall therefore not be used or purchased for speculative or investment purposes. Anyone purchasing Teleport PORT expressly acknowledges and represents that she/he has carefully reviewed the Available Information and fully understands the risks, costs and benefits associated with the purchase of Teleport PORT.

The following information may be incomplete and in no way implies a contractual relationship. While the authors make every effort to ensure that all information in this whitepaper and any and all information available on Teleport, LLC’s website, Website located at www.Teleport.eco and participating in the Teleport token sale The Available Information (including the Website and this Whitepaper) is provided on an “as is” basis and without any warranties of any kind, either expressed or implied. You assume all responsibility and risk with respect to your use of the Available Information and ownership of any amount of Teleport tokens and their use. If applicable law does not allow all or any part of the above limitation of liability to apply to you, the limitations will apply to you only to the maximum extent permitted by applicable law.

The Tokens are functional utility tokens designed for the Teleport platform. The Teleport tokens are not securities. If you purchase Teleport tokens, your purchase cannot be refunded or exchanged. All company names and products are trademarks or registered trademark of their respective holders. Use of them does not imply any affiliation with or endorsement by them. The information in this document is subject to change or update without notice and should not be construed as a commitment by the Company.

REGIONAL RESTRICTIONS

Given the lack of crypto-token qualifications in most countries, each buyer is strongly advised to carry out a legal and tax analysis concerning the purchase and ownership of PORT tokens according to their nationality and place of residence.

NO ADVICE

No part of the Available Information should be business, legal, and financial or tax advice regarding the Company, the PORT tokens, the Token Sale or any of the matters to which all or any part of the Available Information relates. You should consult your own legal, financial, tax or another professional advisor regarding the Available Information. You should be aware that you might be required to bear the financial risk of any purchase of Tokens for an indefinite period.

LIMITATION OF LIABILITY

To the maximum extent permitted by applicable law, you hereby irrevocably and unconditionally waive: (i) all and any claims (whether actual or contingent and whether as an employee, office holder or in any other capacity whatsoever or howsoever arising) including, without limitation, claims for or relating to the excluded liability matters, any payment or repayment of monies, indemnity or otherwise that you may have against the Company or against any of the Company Representatives; and (ii) release and discharge the Company and all of the Company Representatives from any and all liability (of whatsoever nature or

howsoever arising) it or they may have to you. If for any reason you hereafter bring or commence any action or legal proceeding in respect of any claim purported to be released and discharged pursuant to this paragraph or these Terms, or otherwise attempt to pursue any such claim against the Company or any Company Representative then you hereby irrevocably and unconditionally undertake to indemnify, and keep indemnified the Company and all Company Representatives fully on demand from and against:

(a) All liabilities or losses suffered by the Company or any Company Representative; and

(b) All reasonable costs, charges and reasonable expenses (including without limitation reasonable legal costs and expenses) reasonably and properly incurred by the Company or any Company Representative, in each case by reason of or in connection with the bringing or commencement of such action or pursuit of such claim by you.

If any provision or part-provision of this Disclaimer section is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this “Disclaimer” section shall not affect the validity and enforceability of the rest of this “Disclaimer” section.

FORWARD-LOOKING STATEMENTS, CAUTIONARY NOTES

All statements contained in the Available Information, statements made in any press releases or in any place accessible by the public and oral statements that may be made by the Company or the Company Representatives (as the case may be), that are not statements of historical fact, constitute “forward-looking statements”. Some of these statements can be identified by forward-looking terms such as “aim”, “target”, “anticipate”, “believe”, “could”, “estimate”, “expect”, “if”, “intend”,

“may”, “plan”, “possible”, “probable”, “project”, “should”, “would”, “will” or other similar terms. However, these terms are not the exclusive means of identifying forward-looking statements. All statements regarding the Company’s financial position, business strategies, plans and prospects and the prospects of the industry which the Company is in are forward-looking statements. These forward-looking statements, including but not limited to statements as to the Company’s revenue profitability and growth, expected revenue profitability and growth, prospects, future, other expected industry trends and other matters discussed in the Available Information regarding the Company are matters that are not historical facts, but only estimations and predictions. The Company makes no representation or warranty on having made any predictions or estimates or expectations based on any formula, any mathematical or scientific modeling or forecast, or having made any due and proper inquiries or having undertaken any independent research or studies or otherwise. These forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual future results, performance or achievements of the Company to be materially different from any future results, performance or achievements expected, expressed or implied by such forward-looking statements. These factors include, among others:

- (a) Changes in political, social, economic and stock or cryptocurrency market conditions, and the regulatory environment in the countries in which the Company conducts its business and operations;
- (b) The risk that the Company may be unable or execute or implement its business strategies and future;
- (c) Changes in interest rates and exchange rates of fiat currencies and cryptocurrencies;
- (d) Changes in the anticipated growth strategies and expected internal growth of the Company;

- (e) Changes in the availability and fees payable to the Company in connection with its business and operations;
- (f) Changes in the availability and salaries of employees who are required by the Company to operate its business and operations;
- (g) Changes in preferences of customers of the Company;
- (h) Changes in competitive conditions under which the Company operates, and the ability of the Company to compete under such conditions;
- (i) Changes in the future capital needs of the Company and the availability of financing and capital to fund such needs;
- (j) War or acts of international or domestic terrorism;
- (k) Occurrences of catastrophic events, natural disasters and acts of God that affect the businesses and/or operations of the Company;
- (l) Other factors beyond the exclusive control of the Company; and
- (m) Any risk and uncertainties associated with the Company and its business and operations, the Tokens, the Token Sale and reliance on all or any part of the Available Information.

All forward-looking statements made by or attributable to the Company or Company Representatives are expressly qualified in their entirety by such factors. Given that risks and uncertainties that may cause the actual future results, performance or achievements of the Company to be materially different from that expected, expressed or implied by the forward-looking statements in the Available Information, undue reliance must not be placed on these statements. These forward-looking statements are applicable only as of the later of the date of publication of the Whitepaper and the latest date that the Website has been updated.

Neither the Company nor the Company Representatives nor any other person represents, warrants and/or undertakes that the actual future results, performance or achievements of the Company will be as discussed in those forward-looking statements. The actual results, performance or achievements of the Company may differ materially from that anticipated in these forward-looking statements. Nothing contained in the Available Information is or may be relied upon as a promise, representation or undertaking as to the future performance or policies of the Company. Further, the Company disclaims any responsibility to update any of these forward-looking statements or publicly announce any revisions to these forward-looking statements to reflect future developments, events or circumstances, even if new information becomes available or other events occur in the future.

NO REPRESENTATIONS AND WARRANTIES

The Company does not make or purport to make, and hereby disclaims, any representation, warranty or undertaking in any form whatsoever to any entity or person, including any representation, warranty or undertaking in relation to the truth, accuracy, and completeness of any of the information set out in the Available Information.

REPRESENTATIONS AND WARRANTIES BY YOU

BY HOWSOEVER ACCESSING AND/OR ACCEPTING POSSESSION OR COMMUNICATION OF ALL OR ANY PART OF THE AVAILABLE INFORMATION, YOU REPRESENT AND WARRANT (AND SHALL BE DEEMED TO REPRESENT AND WARRANT) TO THE COMPANY ON THE DATE OF SUCH ACCESS OR ON THE LATEST DATE ON WHICH YOU RETAIN POSSESSION OF ALL OR ANY PART OF THE AVAILABLE INFORMATION AS FOLLOWS:

(a) You are over 18 (eighteen) years of age;

(b) You agree and acknowledge that the Teleport tokens do not constitute securities in any form in any jurisdiction;

(c) You agree and acknowledge that the Available Information (including the Whitepaper and the Website) does not constitute a prospectus or offer document of any sort and is not intended to constitute an offer of securities in any jurisdiction or a solicitation for investment in securities and you are not bound to enter into any contract or binding legal commitment and no cryptocurrency or another form of payment is to be accepted on the basis of the Available Information;

(d) You agree and acknowledge that no regulatory authority has examined or approved of the Available Information, no action has been or will be taken under the laws, regulatory requirements or rules of any jurisdiction and the publication, distribution or dissemination of all or any part of the Available Information to you does not imply that the applicable laws, regulatory requirements or rules have been complied with;

(e) You agree and acknowledge that the Available Information, the undertaking and/or the completion of the Token Sale, or future trading of the Tokens on any exchange or market (regulated, unregulated, primary, secondary or otherwise), shall not be construed, interpreted or deemed by you as an indication of the merits of the Company, the Teleport Tokens, the Token Sale or the Available Information;

(f) The distribution or dissemination of the Available Information any part thereof or any copy thereof, or acceptance of the same by you, is not prohibited or restricted by the applicable laws, regulations or rules in your jurisdiction, and where any restrictions in relation to possession are applicable, you have observed and complied with all such restrictions at your own expense and without liability to the Company;

(g) You agree and acknowledge that in the case where you wish to purchase any Teleport Tokens, the Teleport Tokens are not to be construed, interpreted, classified or treated as:

(i) Any kind of currency or commodity;

- (ii) Debentures, stocks or shares issued by any person or entity (whether the Company or otherwise);
- (iii) Rights, options or derivatives in respect of such debentures, stocks or shares;
- (iv) Rights under a contract for differences or under any other contract the purpose or pretended purpose of which is to secure a profit or avoid a loss;
- (v) Units in a collective investment scheme;
- (vi) Units in a business trust;
- (vii) Derivatives of units in a business trust;
- (viii) Any other security or class of securities; or
- (ix) Any type of investment (as such term is defined by the Financial Services (Investments and Fiduciary Services) Act 1989-47 of Gibraltar (as amended or reenacted from time to time) or as such term might be construed under similar legislation in any other part of the world);
- (h) You are fully aware of and understand that you are not eligible to purchase any Teleport Tokens or access the Available Information if you are a citizen, national, resident (tax or otherwise) and/or green card holder of a Restricted Jurisdiction or if you are a Restricted Person;
- (i) You have a basic degree of understanding of the operation, functionality, usage, storage, transmission mechanisms and other material characteristics of cryptocurrencies, blockchain-based software systems, cryptocurrency wallets or other related token storage mechanisms, blockchain technology, and smart contract technology;

(j) You are fully aware and understand that in the case where you wish to purchase any Teleport Tokens, there are risks associated with:

(A) the Company and its business and operations;

(B) the Teleport Tokens;

(C) the Token Sale; and

(D) relying or acting on all or any part of the Available Information;

(k) You agree and acknowledge that the Company is not liable for any indirect, special, incidental, consequential or other losses of any kind, in tort, contract or otherwise (including but not limited to loss of revenue, income or profits, or loss of use or data, or loss of reputation, or loss of any economic or other opportunity of whatsoever nature or howsoever arising), arising out of or in connection with any acceptance of or reliance on the Available Information or any part thereof by you; and

(l) All of the above representations and warranties are true, complete, accurate and not misleading from the time of your last access to and/or possession of (as the case may be) the Available Information.

RISKS

You should carefully consider and evaluate each of the following risk factors and all other information contained in this white paper before deciding to purchase Teleport tokens. To the best of the Company's knowledge and belief, all risk factors, which are material to you in making an informed judgment to participate in the Token Sale, have been set out below. If any of the following considerations, uncertainties or material risks develop into actual events, the business, financial position and/or results of operations of the Company and the maintenance and level of usage of the Teleport Tokens could be materially and adversely affected.

Regulatory actions could negatively impact the Teleport tokens and the Company's offering in various ways, including, for example, through a determination that the Teleport tokens are regulated financial instruments

required to be registered with the appropriate regulatory agency. Any of these outcomes could prevent the company from fully developing the Teleport platform, tokens and other offered services.

The Company believes that it is not a money transmitter (“MT”) or a money services business (“MSB”). If the Company was deemed to be a MT and/or MSB, it would be subject to significant additional regulation. This could lead to significant changes with respect to the Company’s platform, how the Teleport tokens are purchased and utilized, and other issues, and could greatly increase the Company’s costs in creating and facilitating transactions involving the Teleport tokens within the Teleport platform. It could lead to the termination of the Teleport tokens. Further, a regulator could take action against the Company if it views the Teleport tokens and the Company’s platform as a violation of existing law. Any of these outcomes would negatively affect the utility of the Teleport tokens and/or could cause the Company to cease operations.

Prior to the Token Sale, there has been no public market for Teleport Tokens. Although the Company may use reasonable endeavors to seek the approval for the availability of the Teleport tokens for trading on a cryptocurrency exchange or market, there is no assurance that such approval will be obtained. Furthermore, even if such approval is granted by a cryptocurrency exchange, there is no assurance that an active or liquid trading market for the Teleport tokens will develop, or if developed, will be sustained after the Teleport tokens have been made available for trading on such market. There is also no assurance that the market price of the Teleport tokens will not decline below the original or issue purchase price (the “Purchase Price”). The Purchase Price may not be indicative of the market price of the Teleport tokens after they have been made available for trading on a market. A Teleport token is not a currency issued by any central bank or national, supra-national or quasi-national organization, nor is it backed by any hard assets or other credit nor is it a commodity in the traditional sense of that word.

The Company is not responsible for, nor does it pursue, the circulation and trading of Teleport tokens on any market. Trading of Teleport tokens will merely depend on the consensus on its value between the relevant market participants. No one is obliged to purchase any Teleport tokens from any holder of the Teleport tokens, including the purchasers, nor does anyone guarantee the liquidity or market price of Teleport tokens to any extent at any time. Furthermore, Teleport tokens may not be resold to purchasers who are citizens, nationals, residents (tax or otherwise) and/or green card holders of Restricted Jurisdictions or to Restricted Persons or to purchasers in any other jurisdiction where the purchase of Tokens may be in violation of applicable laws. Accordingly, the Company cannot ensure that there will be any demand or market for Teleport tokens, or that the Purchase Price is indicative of the market price of Teleport tokens after they have been made available for trading on any cryptocurrency exchange or market.

Acquiring Teleport tokens and storing them involves various risks, in particular the risk that the Company may not be able to launch all anticipated operations and develop its blockchain and provide all the services promised. Therefore, and prior to acquiring Teleport tokens any user should carefully consider the risks, costs and benefits of acquiring Teleport tokens, and, if necessary, obtain any independent advice in this regard. Any interested person who is not in the position to accept or to understand the risks associated with the activity (incl. the risks related to the early-stage development of the Teleport platform) or any other risks as is indicated www.Teleport.eco indicated in the Terms & Conditions of the crowd sale should not acquire Teleport tokens.

Cryptographic tokens such as the Teleport tokens are a relatively new and dynamic technology. In addition to the risks included in the above discussion of risk factors, there are other risks associated with your purchase, holding, and use of the Teleport tokens, including those that the Company cannot anticipate. Such risks may further appear as unanticipated variations or combinations of the risks discussed above.

On concluding the Commercial Operation, these tokens will be issued by a technical process referred to as a Blockchain . This is an open source IT protocol over which the Company has no rights or liability in terms of its development and operation. Purchasers of Teleport PORT and Users acknowledge and understand, therefore, that the Company (incl. its bodies and employees) assumes no liability or responsibility for any loss or damage that would result from or relate to the incapacity to use Teleport tokens, except in case of intentional misconduct or gross negligence.

Teleport is based on the Ethereum, Binance Smart Chain, Polygon, Solana and other blockchains protocol. Therefore, any malfunction, unplanned function or unexpected operation of the Ethereum protocol may cause the Company's network or Teleport App to malfunction or operate in a way that is not expected. ETH, BNB, MATIC, SOL, the native Ethereum, and Binance Smart Chain Protocol account unit, may itself lose value in a similar way to Teleport, and also in other ways.

Teleport

Teleport is a mobile app platform where users can mint, trade, showcase, and monetize non-fungible tokens (NFTs) in Augmented Reality and in Portals.

Users can purchase PORTAL which gives them ownership and control over the environment, application, and experiences they create inside their augmented virtual PORTAL.

PORTALS are NFTs on the Ethereum blockchain and can be metaverses of Museums, Games, Art Galleries, Conference Centers, eCommerce Stores, Real World Environments, Live Events and much more.

PORT is the utility token used throughout the Teleport ecosystem as the basis of transactions and interactions. It is an ERC-20 utility token built on the Ethereum blockchain.
